NOTICE TO PARENTS

Canon-McMillan School District, as required by law, issues notification to parents concerning special education programs, privacy rights of parents and students, screening and evaluation, Chapter 15 and other protected handicapped students. It is the policy of the Canon-McMillan School District not to discriminate on the basis of sex, race, color, national origin, handicap or age in its educational and vocational programs, activities or employment as required by Title IX, Section 504 and Title VI. For information regarding civil rights or grievance procedure, contact:

Canon-McMillan Superintendent
One North Jefferson Avenue
Canonsburg, PA 15317
(724) 746-2940

PUBLIC NOTICE ON SCREENING & EVALUATION

Canon-McMillan School District uses the procedures required by law in locating, identifying and evaluating specific needs of school-age students requiring special programs or services. The procedures are as follows:

The district, as prescribed by Section 1402 of the School Code, conducts screening of a child's hearing acuity in kindergarten, first, second, third, seventh and eleventh grades. Visual acuity is evaluated yearly in kindergarten through grade 12 and speech and language evaluation is done in the mid-year of kindergarten. Gross motor and fine motor skills, academic skills and social/emotional skills are assessed by classroom teachers on an ongoing basis. Specified needs from all of these screening sources are noted within the child's official file. These school records are always open and available to parents, but are only open to those school officials with a "legitimate need to know." Information from the records is released to other persons only with the signed permission of parents or guardians. Any parent concerned with the development of his/her child may contact building principals at any time to request a screening or evaluation. Communication with parents and exceptional students will be in English or the native language of the parents. Screening information will be used by the Instructional Support Team (IST) within the student's school to meet his/her specific needs or to document the need for further evaluation.

If it is determined that a child needs additional services, the IST will make adjustments relative to such things as the child's learning style, behavior, physical disabilities and speech problems to be more in keeping with traditional classroom expectancies. Parents are notified if a child may need instructional support and will be encouraged to participate in all team meetings. If a student does not make sufficient progress with IST involvement, parents will be asked to give written

permission for necessary individual professional evaluations.

Once the evaluations are completed, an Evaluation Report will be compiled with parent involvement and will include recommendations for the interventions necessary to address the child's specific needs. If a student is eligible for special education services, parents are invited to participate in a meeting where the results of the Multidisciplinary Evaluation are discussed and an Individualized Education Program (IEP) is developed. Parents will then be presented with a Notice of Recommended Educational Placement/Prior Written Notice (NOREP/PWN) with which they may agree or disagree. If parents disagree with the program being recommended, the issue may be addressed through an informal meeting, mediation, or a due process hearing. Information regarding early intervention, parent's rights, mediation or due process procedures, specific special education services and programs offered by the district, and the district's educational records policy are available upon request from the child's principal. Further information about these procedures may be obtained by contacting:

Director of Special Education
Canon-McMillan School District
One North Jefferson Avenue
Canonsburg, PA 15317
(724) 873-5231

PUBLIC NOTICE ON STUDENT RECORDS

The collection, maintenance and dissemination of pupil records is a legitimate and expected function of a school system. The professional staff recognizes the confidential nature of such data and the need to strike a balance between the need for educationally relevant information about children and the protection of individual rights to privacy.

Student files contain only information of value in assisting students. In addition to academic records, student files often contain data from personality, psychological and intelligence tests, health records, reports by guidance counselors and anecdotal records and evaluations by teachers and administrators.

Certain data regarding students in the Canon-McMillan School District will be designated as directory-type information. This includes the following information relating to a student: the student's name, address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of a member of an athletic team, dates of attendance, degrees and awards received, the most recent educational agency or institution attended by the student and other similar information. The above information is primarily used when publicizing school functions and student

achievements such as honor rolls, sports programs and awards, band rosters, play productions, etc.

You have the right as a parent or guardian or eligible student to refuse to permit the school district to designate any or all of the above categories of personally identifiable information with respect to the directory-type information.

In addition, Canon-McMillan School District will release, upon request of a parent or another school, records of a student who is entering another elementary or secondary school. Parents will be notified of the transfer and, upon request, will be provided with a copy of the educational records. Parents, upon request, will be provided an opportunity for a hearing to challenge the educational records.

If the school district fails to comply with the request of the parent or eligible student to review records, the parent or eligible student may file a complaint with the Family Education Rights & Privacy Act Office, Department of Education, Office of Management and/or request a hearing as specified in the "Challenge Procedure" section of the Student Records Policy.

With regard to parents who do not understand English, the school district will attempt to inform them of their rights in their native language. Further information regarding the Policy of the Collection, Maintenance and Dissemination of Pupil Records is available through the principal's office.

ANNUAL NOTICE TO PROTECTED HANDICAPPED STUDENTS

In compliance with state and federal law (Chapter 15, Section 504), the Canon-McMillan School District will identify and provide to each protected handicapped student — without discrimination or cost to the student or his/her family — those related aids, services or accommodations which are necessary to provide him/her equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate.

In order to qualify as a protected handicapped student, the child must be of school age and present with a medically impairing condition that substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the evaluation procedures and provision of services to protected handicapped students, contact:

Director of Special Education, (724) 873-5231

Continued on next page

SERVICE FOR SCHOOL-AGE EXCEPTIONAL STUDENTS

The district provides a free, appropriate public education to exceptional students according to state and federal mandates. To be eligible, the child must be of school age, demonstrate a need for specially designed instruction and meet eligibility criteria for mentally gifted and/or one or more of the following physical or mental disabilities as set forth in the Pennsylvania State Standards: autism, deaf-blindness, deafness, emotional disturbance, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, and visual impairment including blindness. Services designed to meet the needs of eligible students are outlined in the annual development of an Individualized Education Program (IEP), multidisciplinary reevaluation every three years (two years for mental retardation), itinerant, supplemental, or full-time intervention in the regular classroom, in a special education resource classroom, or placement in a special education class outside of the regular school setting. The extent of special education services and the location for the delivery of such services are determined by the parents and staff at the IEP team meeting and are based on the student's identified needs and the level of intensity of the specified intervention. The school district also provides related services such as special transportation, physical therapy and occupational therapy that are required to enable the student to derive educational benefits.

PUBLIC NOTICE OF EXCEPTIONAL STUDENT RECORDS

In accordance with the Family Education Rights & Privacy Act Office, Department of Education, Office of Management regulations on policy rights of parents and students, Canon-McMillan School District states the following through public notice: Canon-McMillan recognizes the need to protect confidentiality of personally identifiable information in the education records of exceptional children. The right-to-privacy policy has been prepared to ensure the privacy rights of both the parents and the exceptional child in the collection, maintenance, release and destruction of these records. The parents of any student will have the rights of access and/or challenge as outlined in the school district's school policy. Canon-McMillan will disclose directory information which includes the student's name, address, date and place of birth, major field of study, participation in officially

recognized activities and sports, weight and height of a member of an athletic team, dates of attendance, degrees and awards received, the most recent educational agency or institution attended by the student and other similar information. Should the parent of a student or eligible student wish to refuse disclosure of this information, a written notice of refusal of disclosure of directory information must be sent to:

Director of Special Education
Canon-McMillan School District
One North Jefferson Avenue
Canonsburg, PA 15317
(724) 873-5231

Canon-McMillan will release information from a student's educational records with prior consent to officials of other primary or secondary schools or school systems in which a student seeks or intends to enroll. Transcripts to post-secondary institutions in which a student intends to enroll will be sent upon written request of parents of a student or eligible student.

Parents, upon written request, may receive a copy of records that may be released by the school. The parent may challenge information by written notification to the Special Education Coordinator.

SPECIAL EDUCATION PROGRAMS

To meet the needs of eligible students, Canon-McMillan School District provides services which meet the needs of the entire district.

SERVICES FOR DISABLED PRESCHOOL CHILDREN

Act 212, the Early Intervention System Act, entitles all preschool-age children with disabilities to appropriate early intervention services. Young children experiencing developmental delays or physical or mental disabilities are eligible for early intervention services. The Pennsylvania Department of Public Welfare is responsible for providing services to infants and toddlers, defined as children from birth through 2 years of age. Contact:

United Cerebral Palsy
289 North Avenue
Washington, PA 15301
(724) 223-7803

The Pennsylvania Department of Education is responsible for providing services to preschool-age children from ages 3 through 5. Contact:

Child Alert, Intermediate Unit 1
One Intermediate Unit Drive
Coal Center, PA 15423
1-800-328-6481, ext. 220

CONTROLLED SUBSTANCES / PARAPHERNALIA, DRUG / ALCOHOL TESTING FOR EXTRACURRICULAR ACTIVITIES / STUDENT DRIVERS & DRUG & SUBSTANCE ABUSE

The Board recognizes and affirms the individual value and potential of each member of its school community. The Board recognizes that chemical abuse and dependency seriously impair the ability of individuals to develop their full potential. The Board also recognizes that problems created by chemical abuse and dependency have an adverse effect on the ability of all members of the school community to achieve personal and district educational goals. Equally important, the use, possession and distribution of controlled substances are against the law.

Controlled substance abuse among students is a serious social problem which threatens the health, safety and welfare of the individual student user, other members of the school population and the educational process. Prompt intervention can be an effective deterrent against the abuse of controlled substances, thus helping the student user and protecting the general school population.

The Board prohibits students from using, possessing, distributing and being under the influence of any controlled substances during school hours, at any time while on school property, at any school-sponsored activity, and during the time spent traveling to and from school and school-sponsored activities.

The Board may require participation in drug counseling, rehabilitation, testing or other programs as a condition of reinstatement into the school's educational, extracurricular or athletic programs resulting from violations of this policy.

The Board prohibits the possession, use, misuse or distribution of controlled or mood altering substances, including anabolic steroids, "look alikes," designer drugs, drug paraphernalia, health endangering substances, medication not registered with the health office, or alcohol on school district property, school buses, or during activities under school district jurisdiction.

The Board recognizes that the misuse of drugs by administrative, professional and support employees is a serious problem with legal, physical and social implications for the whole school community and is concerned about the problems that may be caused by drug use by district employees, especially as the use relates to an employee's safety, efficiency and productivity.

The primary purpose and justification for any district action will be for the protection of the health, safety and welfare of students, staff and school property.

For more information, read Policy 227, Policy 227.1 and Policy 351 on the Canon-McMillan School District Web site:

www.canon-mcmillan.org

HARRASSMENT

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated (verbal, written, graphic or physical conduct relating to an individual's race, color, national origin / ethnicity, gender, age, marital status, familial status, veteran status, personal characteristics, disability, sexual orientation or religion) when such conduct:

1. Is sufficiently severe, persistent or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment.
2. Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
3. Otherwise adversely affects an individual's learning opportunities.

The Board prohibits all forms of harassment of employees and third parties by all district students and staff members, contracted individuals, vendors, volunteers, and third parties in the schools. The Board encourages employees and third parties who have been harassed to promptly report such incident to the designated administrators.

For more information, read Policy 248 and Policy 348 on Canon-McMillan School District Web site:

www.canon-mcmillan.org

SCHOOL BUS RULES

1. Except for ordinary conversation, classroom conduct is expected. The students will conduct themselves as if they were in a classroom setting. This includes courteous behavior with no profane or abusive language. No shoes with cleats or spikes are to be worn on the bus. Personal objects such as pencils and pens must be stored carefully.
2. Do not drink or eat on the bus. Students are to refrain from eating, drinking and/or chewing gum on the bus.
3. Keep the bus clean.
4. Keep the aisle clear. Students will keep the aisles clear. This includes items such as gym bags, projects, instruments, etc. Animals, pets and other nature items are prohibited.
5. Stay in your assigned seat. Students are to remain in their assigned seats at all times. Two students in a seat must permit a third student to sit with them. Students will refrain from standing, kneeling or lying on the seats or in the aisles. Every student who rides a bus must get on and off at the assigned bus stop. Any student wanting to get off at a different bus stop or wishing to ride a different bus, must have a written request signed by a parent or legal guardian. The request is to be shown to the Principal. The student must get written permission from the Principal. Permission can be denied due to overcrowding. Students must have a signed permission slip to give to the bus driver. A student will not be permitted to ride without the appropriate signed permission slip. There will be no exceptions.
6. Do not extend any part of the body or any object out of the bus window at any time.
7. Students riding the bus are to be at the bus stop at the regularly scheduled time. Students should arrive at their respective bus stops at least five (5) minutes before bus arrival time. If the bus does not arrive at the preassigned time, all should wait a minimum of thirty (30) minutes

before leaving the stop area.

8. Enter and leave the bus through the front door. Emergency exits are to be opened for emergencies only.
9. Do not damage or deface any part of the bus. Students are not to damage or deface any part of the bus. Students and/or parents must repay the cost of repairing any damage. The student may be prosecuted. A student must report immediately to the driver any visible damage to the bus.
10. All school policy rules and regulations are in effect on buses. Smoking and/or tobacco, alcohol and drugs, fighting, weapons policies and all other school policies and rules will be in effect at all times – bus rides to and from school, activity runs and field trips. School discipline will be added to the bus discipline.

THE DRIVER IS IN CHARGE OF BUS DISCIPLINE/CONDUCT EXCEPT WHEN A TEACHER IS PRESENT.

School Bus Discipline

Level 1 offenses start at Step 1 of the Progressive Discipline Penalties and apply to School Bus Rules 1 through 7.

Level 2 offenses start at Step 5 of the Progressive Discipline Penalties and apply to School Bus Rules 8, 9 and 10.

Progressive Discipline Penalties

Step 1: Warning

- 2: One-day after-school detention
- 3: One-day in-school suspension and one-day bus suspension
- 4: Five-day bus suspension
- 5: Ten-day bus suspension
- 6: Thirty-day bus suspension*

School principals may use any of the more severe disciplinary actions without regard to the student's number of previous violations.

* Does not apply to kindergarten students.

PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board welcomes the public to activities and events sponsored by the school district, but the Board also acknowledges its duty to maintain order and preserve school facilities during such events.

The Board has the authority to prohibit at a school event the attendance of any individual whose conduct may constitute a disruption. The Board prohibits gambling and the possession and use of controlled substances, alcoholic beverages and weapons on school premises.

CRISIS MANAGEMENT/ SAFETY & SECURITY

The Canon-McMillan School District has been focusing and will continue to take steps and actions which will prepare an effective response to the types and levels of crisis which can affect our schools. We are taking a pro-active stance both to lessen the likelihood of a crisis and to prepare our administrators, staff and students for managing a crisis effectively.

The district has developed a Crisis Management Plan for every building and specific comprehensive action plans to deal with individual safety and security issues. Plans for each building are available for review by parents along with policies and procedures that have been developed for improved safety and security.

TOBACCO USE

The Board prohibits tobacco use by any persons in its school buildings and on any property, buses, vans and vehicles that are owned, leased or controlled by the school district.

For more information on both Public Attendance at School Events and Tobacco Use, read Policy 904 on the Canon-McMillan School District Web site: www.canon-mcmillan.org.

MISSION STATEMENT OF CANON-McMILLAN SCHOOL DISTRICT

The Mission of the Canon-McMillan School District, in partnership with the community, is to educate all students to attain their maximum potential as independent life-long learners and critical thinkers, within a safe, nurturing environment which fosters the development of ethical, responsible citizens.
